Hello Jim:

We have received a new notice for a site that is in an existing quarry area - so don't really know if you need this notice or not. Anyway, it is located in:

NW1/4 SE1/4 SE1/4 and
SW1/4 NE1/4 SE1/4
Section 36. T11N, R16W

The UTM's are 281,820 E 4,611,455 N

Your 10-day response to this review is appreciated (please let us know if you do not even need to review since this is in a pre-disturbed area).

I will fax a copy with map to you as well.

Thank you.
Joelle
